EMTEQ Makes a Difference in Children's Lives with \$100,000 Donation to Children's Hospital

New Berlin, Wis., USA (December 2013) – EMTEQ presented Children's Hospital of Wisconsin a check for \$102,003.78 as their annual donation on Monday, December 9th, 2013 at EMTEQ's New Berlin facility. What started as an employee event in 2005 raising a couple hundred dollars has evolved to a yearlong fundraising effort and community event that has contributed over \$650,000 to Children's Hospital of Wisconsin over the past nine years.

The company's current fundraising programs includes participating in Briggs & AI's Run & Walk, internal fundraising efforts including snack sales and rummage sale, and Blue Ribbon sales during April for Child Abuse Awareness month. The 2013 cornerstone event in July featured a golf outing, dinner, and live and silent auctions which brought together over 150 individuals and 40 sponsors from the community and companies across the United States.

"The next level of leaders are the valued children. Our support for Children's Hospital and Child Advocacy Programs meets our desires to have no kids left behind and to create chances and opportunities for all," said Jerry Jendusa, EMTEQ CEO.

"At Children's, we believe kids deserve the best and we are committed to our vision that Wisconsin kids will be the healthiest in the country," said Bob Duncan, Executive Vice President of Community Services at Children's Hospital of Wisconsin. "We recognize that the health of a child involves so much more than absence of disease. We work to reach children where they are and provide necessary care, either through our many services or connecting families with other resources."

Children's Hospital of Wisconsin Community Services programs reach far and wide, extending supports for kids and families in Milwaukee and across the state of Wisconsin. From school nursing to foster care and adoption services to counseling services and more, Community Services works to ensure that Wisconsin's kids have access to health care, keeping them well. Community Services programs offset the inequalities in childhood wellness that exist within our communities, and partners with many local organizations to meet families' needs. For children in at-risk neighborhoods, these programs are critical for their health and wellbeing.

EMTEQ will continue this tradition as they begin planning for their 10th Annual Charity Event taking place at the Legend at Brandybrook golf course on Monday, July 21st, 2014. Contact Kimberly Hoogland, EMTEQ's Marketing Manager, for details.
