STC Information Sheet

FAA STC: ST03660AT

Master Drawing List: 2-56640-001

Aircraft: Pilatus PC-12 Series

Configuration: 1

EMTEQ LED Position (Navigation) Lights Installation

Mod. Order: 2-56640-802

AFMS: N/A

Master Kit List: 2-56640-801

ICA: 2-56640-905

Summary:

The EMTEQ LED Position (Navigation) Lights installation entails replacing the existing single or dual filament Navigation Lights with new EMTEQ LED Position (Navigation) Lights, removing the existing Position Light Electronic Switching Units (dual position lights only), upgrade existing circuit breakers, and minor re-wiring at each light.
