## STC Information Sheet

**FAA STC:** ST03964AT

**Master Drawing List:** 2-114653-001

**Aircraft:** Bombardier CL-600-2B19 (CRJ-100/-200/-440)

**Configuration:** 1

Towbarless Towing Nose Landing Gear (NLG) Sleeve System Installation

**Mod. Order:** H235000

**AFMS:** N/A

**Master Kit List:** N/A

**ICA:** H235071-ICA

### Summary:

The Towbarless Towing Nose Landing Gear (NLG) Sleeve system consists of a protective sleeve installed on the NLG cylinder to prevent damage while towing the aircraft by attaching the strap directly to the NLG. The strap is used to pull the aircraft onto the towbarless towing vehicle.

### Notes:

\* Material List detailed in Installation Drawing H235101.
